“Firefighting—Train Hard—Work Hard—Fight Smart”

Are you interested in becoming a firefighter? Are you currently in the fire service and want to improve or enhance your skills and credentials? Do you want a degree in higher education as well as a stepping stone to additional studies at the baccalaureate level? If you answer yes to any of these questions, then the Fire Science Program at Luna Community College is right for you!

Program Description >>>

The Associate of Applied Science degree in Fire Science prepares students for service in fire protection. It is designed for individuals serving in the profession and as a preparatory program for individuals seeking a career in the fire service. Students enrolled in the program will receive a well-rounded general college education, with a strong foundation in fire science. **The degree is aligned with the Fire and Emergency Services Higher Education (FESHE) Model Curriculum.**

Certificate Option >>>

- Students have the option of a certificate in Fire Science.
- The Certificate is 30 credit hours and includes 18 credit hours of program requirements and 12 credit hours of approved fire science electives.
- Courses for the certificate program can be applied toward the Associate of Applied Science degree in Fire Science.

Visit the LCC website for fall, spring and summer course offerings
